

We hope the week has been a good one so far. There is buzz of activity around the school as we prepare for various activities and events.

**International Cooking class and Garden Party: Friday 15th February straight after assembly**

Our school will be open to parents and friends of ISB to learn about International Cooking whilst the students will have a garden party! The International cooking class is a ticketed event organized by Ibu Annie and PTFA whilst the Garden party is being organised by the classroom teachers. We are expecting this to be a big event and hope to welcome new families to our school. Please contact the School Office for more information.

**Chinese New Year: Gong xi fa cai!** *There will be a special assembly to acknowledge Chinese New Year this Friday. There is a red dress code and a potluck as well as a dragon dance and in-class recognition activities. Please contact Ibu Annie for information regarding the potluck. We hope to see you all on Friday. Xin nián kuài lè!*

**Reception/Grade One**

Reception and grade one have been continuing their unit of inquiry "Sharing the Planet" with the central idea "Plants are essential to our environment and to human life". They have planted a seed and will document what happens to it in their Diary of a Seed. We will keep you updated!

**Examples of collaborative learning:**

Grade 2-6 are scheduled to read stories every Thursday after lunch to Reception and Grade 1's and ELC groups in the Hall. This is a fantastic opportunity for the older students to develop their reading skills as the younger students learn to be attentive listeners!

The Grade 2-6 are making real progress with their roller coaster project and getting ready for their up and coming STEM challenge.

**SAVE THE DATE! Upcoming School Play: Wednesday 13th March 2019**

Mr Ananta and Grade 2-6 have been busy preparing scripts and producing the annual School play! All classes are rehearsing their parts and we are sure this will be a big success. More details will be shared over the next few weeks.

**Grade 2–6 Roller Coaster Project**

**Anyone interest drawing on the basketball court wall, please sent the picture draft to [isb@isbogor.org](mailto:isb@isbogor.org).**
