Hi everyone,  
Week 4 is underway, and although it has begun rather quietly we have students building city blocks, playing chess in after school activities, trips being planned, the collection of Rambutan with friends, and most of all we are trying to keep out of the rain.

Speaking of the rain, although it does not directly give us bugs, create fevers, cause coughs and colds it is important to be mindful of keeping our students healthy. Lots of fresh fruit and water should help. Should they become unwell please keep them at home, nice and warm until it passes. This will help prevent other students and teachers becoming unwell.

Potluck Chinese New Year celebrations - please families and friends bring along some yummy to share on the 23rd Feb. The Chinese Lion dance troupe will visit again followed by a potluck morning tea. Red is the dress code. For those born in the Year of the Dog may you and your family prosper.

ISA school examinations begin on Monday 12th, please encourage your child to relax and do the best that they can. We will receive the results in term 4.

It is short and sweet this week - I will see you on Friday morning when Reception and Grade 1 present our school assembly.

Kind regards,

*Donna Lee Bloor*  
Head of School
